Massachusetts Maritime Academy President Rear Admiral Francis McDonald

To the Class of 2016,

First I would like to say congratulations for having the tenacity to persevere through four (or, in some cases a bit more than 4) rigorous and challenging years. Congratulations, as well, for joining me and some 10,000 other alumni who, like you, chose a more difficult route on their path to the working world.

I wish to also say thank you - first, for a job well done. You have served your Academy, your shipmates and those in your charge well. You have embodied our traits of leadership and for that we are both proud and grateful. Secondly, for welcoming me as your new Admiral. From the moment I was installed on August 10, 2015, you invited me to be a part of something special, from morning PT at Orientation to the many events and receptions over the year. Please know that I truly appreciate your support.

I hope that, in the coming years, you occasionally pause to think about your days as a cadet at Massachusetts Maritime Academy, especially all of the incredible experiences you shared with each other (some of which, I'm sure, are quite unfit for print). When doing so, I hope you will agree with me that your time as a member of our Regiment of Cadets was indeed something quite extraordinary.

I wish each of you the very best and look forward to your vast successes and, hopefully, frequent visits back to your alma mater.

Fair winds and following seas,
RADM Francis X McDonald, MMA '85

Letter from the Regimental Commander

Class of 2016,

Four years ago we made a decision that would affect te rest of our lives. We chose to follow the path few dare to travel by coming to Massachusetts Maritime and now we take another step forward into the next chapter of our lives. I cannot express how proud I am to have served you as the Regimental Commander. I have learned more from you than what any class could have taught me. Although we all come from different families, we are now one family as the class of 2016. Our experiences at this Academy have shaped us into honest, hardworking, and professional adults and we are now ready to take on the World. No matter where your journey takes you I wish you all the best of luck.

Student Government Association

Letter from the SGA President

A wise cadet once said “if you can just make it four years without swinging back, then you’ll graduate.” Well my friends, we have made it through the fire once again, and for the Class of 2016, this is the last time. We have all had to adapt and make changes that we wouldn’t have made in any other circumstance but we are better for it today. Massachusetts Maritime Academy has made us all better but every step was a battle between the right way and the easy way. Battle after battle, stress levels start to rise and some students even begin to question their choice in coming here.

Here is what I believe to be the role of the Student Government Association.We are funded by the students and are elected to voice student opinion. It seems like we were created to help the Academy take care of some of the smaller issues students found but we have become so much more. We maintain a student lounge, snack bar, kayaks, grills and we even have an office to work out of. We currently sponsor and oversee seventeen active clubs including everything from networking, robotics and multicultural groups to yoga, scuba diving, weightlifting, rugby and even an electronic dance club. We are by the people, for the people.

Of course we operate in certain confines of oversight but we are given the capacity to make things happen and sometimes that’s all we really need to get through the day. We plan annual events like the Junior Ring Dance, Senior Social and Emery Rice Day. This year we’ve even incorporated several “Flash Events” that we leave as a surprise for the students as well as normal events such as: free Dunkin Donuts, free candied apples, free fro-yo, Zorb Knocker Balls, item giveaways, petting zoos, massages during Coasties, Kan Jam Tournaments, Casino nights, jousting tournaments, Sea Term Excursions, shows and much more. On top of all that, we’ve helped fundraise close to $20,000 for many different charities. We continue to make an effort to act on every idea that reaches our ears. Our goal is to make as much happen as possible.

This year has been successful because we didn’t just make it through; we made it through with some gusto. Like I said, we like to make things happen and I have to thank our amazing advisor, Joshua Tefft, the MMA Business Office, supporting faculty and most importantly the student members of the SGA. We did it guys!

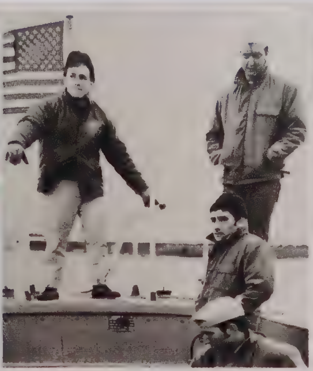
In dedication to Captain Thomas Bushy



On behalf of the Class of 2016 and all the classes that have gone before us over the past 35 years, thank you Captain Bushy for your service to the Academy as a Faculty member, Vice President of Marine Operations and Master of our training ship for the last 20 years. You taught hundreds of cadets in the classroom, had the responsibility of 10,000 cadets sailing over 150,000 miles to various ports around the world as our Captain.

We all wish you "Fair Winds and Following Seas" in your retirement.

CLASS OF 2016

All these years, it has been nothing short of magical watching you become who you are today!
Every triumph and every obstacle has shaped and molded you and created for you a place in this world that no one else could ever fill. It's rare to find a young woman who knows who she is, where she's going and how she's going to get there.
"You are the dream coming true, you are the future opening wide."
Wherever you go, whatever you do, you'll take the support, the love and the tremendous pride of all of your friends and family with you. Always!!!!!!

"WAY TO GO, BRITT!!"
XOXO

We are very proud of your accomplishments over the past four years at MMA. The friendships you have developed there will last a lifetime, no matter where your future takes you.

As always, you managed to unwind in and around the ocean when not studying. Looks as though you and your friends took advantage of what the Cape had to offer...

Congratulations on staying the course in the cold zone (a long way away from the Outer Banks of North Carolina),

There is a lucky company out there that will be fortunate to have you as a dedicated and fun loving employee.

Good luck in the next chapter!
